**Please fill out which room which this is for:** \_\_\_\_\_

Don't forget to mark dimensions of all walls in centimeters or inches and indicate any doors, windows, or other obstacles that need to be designed around. Draw walls with obstacles or sloped ceilings separately to avoid confusion.

Use the space below to sketch a top view of your closet walls. Mark the dimensions (floor-ceiling, side-side, front-back) of each wall for walk-in closets and show position of door. You may also use this space to draw a plan if you have an idea of what you want or attach a separate page (put your phone number & e-mail address on each additional page you send).
